'TWILIGHT' BABY IN FILM DEBUT

Stork Totes Bouncing Youngster Into Gathering at the National Press Club.

NEW PROCESS EXPLAINED

Inventor's Associate Says Over 2,000 Infants in U. S. Are Born Under "Sleep."

Half a score of physicians and laymen sat in the assembly room of the National Press Club last night and saw a motion picture of the birth of a ten-and-a-half-pound baby under "twilight sleep." The picture was taken in a Brooklyn hospital less than a fortnight ago, and was shown on the screen before an audience for the first time last night. It was the first motion picture of a "twilight sleep" birth ever made. The reproduction was so accurate that some of the physicians present said it was "perfect."

Explains Sleep Treatment.

Before the motion picture was shown Dr. Schlessinger delivered a lecture on the sleep treatment. He said that the "twilight sleep" was a new process, and that it was used in over 2,000 cases in the United States. He explained that the process was used to induce a state of unconsciousness in the mother during childbirth, and that it was a safe and effective method.

Has a Watch in Her Head.

Five-Year-Old Girl Has Remarkable Case of Tinitus.

Philadelphia, Pa., March 21.—What physicians describe as a rare and remarkable case of tinitus was exhibited here at a meeting of the College of Physicians. The case was that of a five-year-old girl in whose head a sound resembling the ticking of a watch can be distinctly heard. The ticking sound has been going on in the child's head for two months, according to the physician who brought her to the meeting. He stated that the sound was not a result of any physical defect, but was a result of a condition of the mind.

London, March 21.—An Exchange telegram from Amsterdam states that more than 200 German infantrymen were removed to an insane asylum near Aix La Chapelle, shortly after the battle of Neuve Chapelle. The hours they spent under the British artillery fire, the noise, and the sight of their comrades being killed all about them had driven them mad.

20 FEET DELAYS WEDDING.

Muncie, Ind., March 21.—Because Cora Edith Sizole lived twenty feet from the Delaware County line in Madison County, it was necessary for her to postpone her wedding to Charles Ray Howell, of Cammack, Delaware County. The couple applied at the office of the county clerk in Muncie for a license to marry, when it was found that the bride's home was in Delaware County by a distance of twenty feet, and that it would be necessary for the couple to go to Anderson to obtain a license. The Indiana law making it compulsory that a marriage license be issued in the county in which the bride is a resident.

BLIND TIGERS POPULAR WITH SUNDAY THIRSTER

Four Persons Arrested Yesterday for Dispensing Liquors Unlawfully.

Two Offenders Are Women.

"Blind tigers" with the stock of a well-kept barroom, where there are fancy drinks and concoctions to suit the finest tastes, down to plain beer and blackberry wine, are beginning to pop up about the District with the coming of spring. As termed by the police, the "sneak-ways joints" are favorite resorts on a Sunday.

When the District places its ban on the sale of intoxicants at midnight Saturday until 7 o'clock Monday, the thrifty and resourceful individuals turn to the comparatively open unlicensed bars, Motley and sometimes dangerous crowds gather in front of the knock-down counter. Blacks mix with whites as the ever-burning alcoholic stomach demands its drink.

Police have kept a close watch in suspicious localities, but in spite of vigilance, numerous offenders have set up their stand. Both women and men have been arrested.

Of four arrests made yesterday, two of the persons reported to be conducting an unlicensed bar are women. The minimum bail asked is \$25, where collateral is demanded. The offenders are kept behind the bars until they have been given a chance to furnish bonds.

Yesterday Pelicton Barber, Hightlet and Edmonston, of the Second precinct, arrested Nannie Bolden and Samuel Bolden at Logan Lane northwest. They are detained at the station house.

Police of the Fifth precinct arrested Milton Newman, colored, at 123 Heckman street southeast.

William Heston, white, was arrested by Sergeant Lorch and Detective Brown of the Sixth precinct, at 29 F street northeast. She was released on \$25 collateral.

On the 20th, the enemy made four positions on the east of Ridge 196 to the north-east of Metz. Today we were again bombarded at this point."
